Course Description:

This course is a hands-on production class especially for the photography student. It is designed to give a basic introduction to the elements of electronic, digitally realized, and manipulated photography. Students will learn to use computer-related input and output devices for photographic imaging, and to create work that is produced on the page as well as on the screen. The course addresses the need to understand the potential for the computer manipulation of photo-real images in design and illustration as well as the introduction of the computer as a tool within the context of photography classes that use traditional cameras and darkroom.

Prerequisite: VM265: Introduction to Photography

Learning Objectives:

Upon successful completion of this course, students will:

- Demonstrate an understanding of the history, theory, and practice of media arts (digital photography).
- Demonstrate basic skills in media arts production (digital photography).
- Demonstrate a critical understanding of photographic projects and images through group critiques.
- Learn professional standards and techniques for setting up and shooting still images with Digital SLR cameras.
- Demonstrate knowledge of converting analog photographs into digital.
- Establish an effective color-managed workflow for digital photography with industry standard software.
- Demonstrate a knowledge of various output techniques for print and online use.

Expectations:

Students are required to complete all assignments on time. This means successfully shooting & printing new pictures and attending each critique. Scheduled lab-work time means coming prepared, with new pictures to edit or print. Students should expect to spend time outside of class for shooting, editing and printing new photographs. Active participation during critiques is required.

Each student is responsible for having and bringing all supplies required of this course to every class. Students must also follow all lab rules. I will notify you of any updates or changes to the course or schedule during the semester, so read your email regularly.

Mobile Devices:

The use of mobile devices (such as cell or smart-phones) in class is strictly prohibited. Under no circumstances should you ever make or answer phone calls during class. Text messaging, web browsing, even checking the screen on your device is prohibited. Your phone should be turned off and put away when you enter the classroom.

Textbooks:

[The Photograph as Contemporary Art](#) (2nd Ed.), by Charlotte Cotton, ISBN: 978-0500204016 (Recommended)
[Digital Photography A Basic Manual](#), by Henry Hornstein, ISBN: 978-0316020749 (Recommended)
[Adobe Photoshop CC for Photographers](#), by Martin Evening, ISBN: 978-0415711753 (Recommended)

Supplies and Materials:

Required Supplies and Materials:

- An email address that you regularly check
- Digital-SLR camera with manual aperture and shutter speed controls
- Any form of portable media that you can use to easily store and retrieve your work
- Inkjet Paper: Minimum 100 of sheets of 8.5"x11" Epson Premium Luster Photo Paper
- A manually operated still film camera: 35mm format up to 4"x5" (also available for checkout at the EDC)
- Color Film: preferably Kodak Portra 400 (the right size for your camera, at least six 36 exp. rolls or equivalent)
- Negative Sleeves: PrintFile brand for 35mm film (7 rows of 5 frames), 25pack (or correct size if using other formats)
- 3-ring Negative Box
- Anti-Static Orange cloth for negatives

Recommended Supplies and Materials:

- Tripod & mechanical cable release for 35mm cameras (or remote release for your D-SLR)
- Adobe Suite & a compatible computer
- Display Calibrator (Such as the X-Rite ColorMunki Display): Our monitors at school are regularly profiled with a calibrator, but for home use this will be an invaluable investment that will actually pay for itself in the long run. Again, shop around. <http://www.xrite.com/colormunki-display>

Getting your Supplies:

The cheapest way to buy film and supplies is online through stores such as B&H (www.bhphotovideo.com) and Adorama (www.adorama.com). In town, you can go to Calumet (www.calumetphoto.com) in Cambridge, EP Levines (www.eplevine.com) in Waltham, Hunt's (www.huntsphotoandvideo.com) in Cambridge and Kenmore Square, or Newtonville Camera (www.nvcamera.com) in Newton. For analog equipment you should also try Joe & Karen's Cameras (617- 770-3446), they have excellent prices. Emerson is affiliated with Harvard University's educational store: (www.computers.harvard.edu) or call 617-495-5450. Always remember to ask for a student discount.

Digital Camera Review Sites: These sites are a good start when shopping for digital equipment, especially cameras. <http://www.steves-digicams.com/> & <http://www.dpreview.com/>

Grading and Standards:

Grades will be earned for each major assignment and throughout the semester for smaller assignments. Students will be graded using a standard A through F scale on **4 categories** which will be averaged into one Overall Grade for the course (also A through F):

| | |
|---|-------------|
| Production: Deadlines & Deliverables | 25% |
| Quality: Technical and conceptual proficiency | 25% |
| In-Class Assignments: Only if finished in-class | 30% |
| Participation: Active participation in Critiques and Presentations | 20% |
| OVERALL GRADE: Production + Quality + In-Class + Participation | 100% |

Various assignments throughout the semester will earn you scores in one or more of the four categories listed above as appropriate to the individual assignment. Smaller assignments or checkpoints may earn a grade in one or two categories. Major grades are earned on Presentation/Critique days and will earn a grade under three categories: Production, Participation & Quality, thus missing a critique will significantly lower your Overall Grade. Students are encouraged to ask about their grade or request further clarification on grading policies if necessary.

Poor attendance and tardies can also negatively impact your Overall Grade as stated in the next section.

Attendance:

Class attendance is absolutely required. Two absences will limit your final grade to a maximum of B+. Three absences will result in automatic failure of the course. Arriving five minutes after class begins is considered tardy. Being tardy twice equals one absence. Coming unprepared to a lab session counts as one absence.

| | |
|-----------------------------------|--|
| 1 Absence | No Grade Penalty |
| 2 Absences | Course Grade can not be higher than B+ |
| 3 Absences | Automatic F (Course Failure) |
| 1 Early Departure | ½ of an Absence |
| 1 Tardy (if later than 5 minutes) | ½ of an Absence |
| Coming to Class Unprepared | 1 Absence |

Even if you are absent, your work is due on the due date. If absent, it is your responsibility to find out what you've missed and turn in any pending work. Late work will only earn minimal credit so you should make arrangements to deliver the work before class on the due date. For additional information on attendance see the Student Handbook: www.emerson.edu/student-life/student-handbook

Plagiarism Statement:

It is the responsibility of all Emerson students to know and adhere to the College's policy on plagiarism. If you have any questions concerning the Emerson plagiarism policy or about documentation of sources in work you produce in this course, you should speak to your instructor. Also see the Student Handbook for more information: www.emerson.edu/student-life/student-handbook

Disability Statement:

Students with disabilities who are seeking consideration for services or accommodations should contact the Associate Director for Disability Services: 617-824-8592, dso@emerson.edu, or Disability Services Office, Emerson College, 120 Boylston Street, Boston, MA 02116.

Diversity Statement:

Every student in this class will be honored and respected as an individual with distinct experiences, talents, and backgrounds. Students will be treated fairly regardless of race, religion, sexual orientation, gender identification, disability, socio-economic status, or national identity. Issues of diversity may be a part of class discussion, assigned material, and projects. The instructor will make every effort to ensure that an inclusive environment exists for all students. If you have any concerns or suggestions for improving the classroom climate, please do not hesitate to speak with the course instructor or to contact the Office of Diversity and Inclusion at 617-824-8528 or by email at diversity_inclusion@emerson.edu.

Safety Statement:

Safety is always a concern on any film or video set; safety training is also a requirement for employment in the production industry. Emerson supports safety measures and requires safety training through seminars and The Emerson Safety Manual. Students participating in any Emerson film or video production must meet all requirements as set forth by the Emerson College Safety Manual and the Director of Production and Safety (DPS). Students with questions or concerns should contact Lenny Manzo (DPS) at (617) 824-8126 or leonard_manzo@emerson.edu. In case of emergency, the PRODUCTION SAFETY HOTLINE can be reached 24/7 at (617) 939-1311.

There are also printed forms at the reception desk at the 9th and 11th floor of the Ansin building and 5th floor and sound stage of the Paramount. There are also forms with Tony Acenso on the 8th floor in the Tufte building.

Course Schedule:

The following schedule is subject to change at my discretion. **If you miss a class, it is your responsibility** to find out from your classmates what, if any, changes to the schedule have been made. Unless you receive an exemption from me, **you will be responsible** upon returning to class for both the current weeks assignments, as well as the assignments for the week you missed.
