

Project 3 (Part B) **Source/Video**

Project Description:

For this assignment you will continue to explore your 5 aspects in video form. Using iMovie, you will edit your 5 one-minute sections. Each section should represent one aspect of your source idea.

Guidelines

- Using iMovie, import all of your 5 one-minute sections of video onto your computer or portable hard drive.
- Using iMovie, edit your raw footage down to 5, one-minute sections. Insert a black section to divide each section on the timeline
- Export your video to Quicktime using 'full quality DV' setting.
- You will present your first edit of the 5 aspects video next class

DUE:

- **April 3rd** Bring your exported 5 minutes of video on your portable hard-drive and be ready to present it to the class.
- **April 3rd** Bring at least one blank DVD-R to class.
