

Introduction to Web Design – CDGD318-01

Massachusetts College of Art and Design — Summer 2011 Syllabus (revised 6/28/11)

Class Sessions: Tuesdays & Thursdays, 6:00pm – 9:30pm in Room T-306

Instructor: Camilo Ramirez

Email: camilo.ramirez@massart.edu

Website: www.camramirez.com/teaching.htm

Class Meetings:

Unless cancelled, class meets on Tuesdays on the following 12 dates:

6/28, 6/30, 7/5, 7/7, 7/12, 7/14, 7/19, 7/21, 7/26, 7/28, 8/2, 8/4

Course Description:

Learn web design from the ground up by creating your own website! Students start by clarifying the goals for their site, and in doing that learn common web production processes including basic HTML, page layouts, site-maps, interface elements in Photoshop (such as web-optimized images, buttons, and titles), and techniques to smooth the workflow (Templates, Cascading Style Sheets (CSS), etc.). Designs are fleshed out using students' own text and images, and the site, complete with links, is assembled in Dreamweaver.

Prerequisites: Photoshop or Illustrator, or the written permission of the instructor.

Text Books and Materials:

Required:

- An email address
- Web hosting service of your own choosing
- A domain name of your own choosing
- Any form of portable media that you can use to easily store and retrieve your work
- Dreamweaver CS5: The Missing Manual by David Sawyer McFarland

Highly Recommended:

- CSS: The Missing Manual by David Sawyer McFarland
- Adobe CS5 Software Suite

Class Attendance:

Attendance is required and expected of you.

Absences are unacceptable, 3 absences will result in automatically failing the course.

Tardies are unacceptable, 2 tardies equals one absence.

Leaving class early equals one tardy.

Class Project:

There will be 1 major project in this course; a website that will be created using Dreamweaver and published online. Students will be asked to provide all content and graphics for their own projects. Failure to provide text or images for your own project will significantly lower your grade in the course. Please be prepared!

Grading:

<u>Production:</u> Deadlines & Deliverables	25%
<u>Quality:</u> Design, Navigation & Functionality	25%
<u>In-Class Assignments:</u> only if finished in-class	30%
<u>Participation:</u> Presenting & Critique Feedback	20%

*Please Note: The following schedule is subject to change at my discretion. If you miss a class, it is your responsibility to find out from your classmates what, if any, changes to the schedule have been made. Unless you receive an exemption from me, you will be responsible upon returning to class for both the current weeks assignments, as well as the assignments for the week you missed.

Course Schedule:

- #1 6/28 Introduction to the course, Email list & photos, Review syllabus
Introduction to HTML and Web Concepts
Review Web Resources and discuss Assignment due next class
Where to find help
- Homework:*
- Email Communication Test
