

**Name:**

What do you hope to get out of this class?

|                              | <b>Rate Your Skills: Pick one per software package</b> |          |          |          |                       |
|------------------------------|--|----------|----------|----------|-----------------------|
|                              | <b>1<br/>(Beginner)</b>                                | <b>2</b> | <b>3</b> | <b>4</b> | <b>5<br/>(Expert)</b> |
| Photoshop Skills             |  |          |          |          |                       |
| Illustrator Skills           |  |          |          |          |                       |
| InDesign / Quark / Pagemaker |  |          |          |          |                       |
| Dreamweaver Skills           |  |          |          |          |                       |
| Flash Skills                 |  |          |          |          |                       |
| AfterEffects Skills          |  |          |          |          |                       |
| Final Cut Skills             |  |          |          |          |                       |

Do you already have an idea for a final project or something substantial you would like to do?

If so, please tell me about it.

| What would you most like to get out of the class?<br>Place an X under one number per item |                        |   |   |   |                             |
|---|------------------------|---|---|---|-----------------------------|
|   | 1<br>(Little Interest) | 2 | 3 | 4 | 5<br>(Extremely Interested) |
| To develop a critical vocabulary for talking about graphic design                         |                        |   |   |   | <b>X</b>                    |
| To better understand the history of (digital) media                                       |                        |   |   |   |                             |
| To hone your non-verbal illustrative communication skills                                 |                        |   |   |   |                             |
| To learn how to use Dreamweaver better  |                        |   |   |   |                             |
| To learn how to use Flash better  |                        |   |   |   |                             |
| To learn how to use AfterEffects better   |                        |   |   |   |                             |
| To learn how to use Photoshop better  |                        |   |   |   |                             |
| To improve your page layout skills  |                        |   |   |   |                             |
| To improve your motion graphics skills  |                        |   |   |   |                             |
| To learn typography (in motion)   |                        |   |   |   |                             |
| To learn about color theory (Color spaces, harmony, disharmony, etc.)                     |                        |   |   |   |                             |
