Course Description:

Integrates, enriches, and solidifies a student's photographic skills building on past productions. Emphasis is placed on developing a personal vision and working toward completing and presenting an original portfolio. Explorations of various techniques and conceptual frameworks are encouraged. Long-term projects evolve in the context of peer-based critiques, field trips, gallery visits, artist talks, and professional development. May be taken once for 4 credits or twice consecutively for 8 credits as part of the [Bachelor of Fine Arts Production Track](#).

Prerequisites: Junior standing, completion of a 300 level photography production course.

BFA candidates require approval of photography faculty by application.

Student Learning Objectives:

- Develop a single advanced and extended project for an entire semester.
- Write a clear and accessible artist statement that describes their work.
- Document their practice and progress in a visual research journal.
- Develop professional promotional materials and practices for use beyond this course.
- Collaborate with classmates throughout the semester on common goals for this course.

Expectations:

Since we are all entering into this **FLEX Course** voluntarily and from the beginning, here are our class guidelines: Students required to complete all assignments on time and attend class as agreed upon. If on Zoom, being present means your camera on at all times and ready to fully participate (or see me during office hours if you have an issue that prevents this). Includes regularly shooting & printing new pictures (or equivalent) and attending each critique. Coming prepared, with new pictures to edit or print or the equivalent deliverables. Students should expect to spend time outside of class for shooting, editing and/or printing new photographs. Active participation during critiques is required. Students will share work in progress and examples of work that has influenced them, photos, notes, drawings, readings, videos, etc. Each student is responsible for having all required supplies for this course. Check your email daily. I will notify you of any updates or changes to the course during the semester via email.

However, during this pandemic we are all still coping with the effects of this evolving virus, social distancing, teaching and learning in mixed modalities, mastering new technologies and etiquettes, and having varied access to learning resources. **Therefore, everyone's health and wellness will come first in this course, and we will work together to adjust for any unplanned events and/or changing needs as they happen.** I will strive for the most humane and healthy options available. Students must follow all [VMA Covid-19 Guidelines](#) and all college-wide [Covid-19 protocols](#) when on campus. This includes wearing a mask at all times, maintaining social distancing, hand sanitation, etc. If you feel sick for any reason, do not come to class, let me know right away, stay in touch, and follow any college screening protocols including self-reporting and quarantine if necessary. The VMA department requires that students read the [VMA Covid-19 Safety Guidelines](#) and sign safety forms via the [Production Portal](#).

As part of this, we will generally prioritize the most humane option as being the best choice, and will emphasize:

- › Supporting each other as humans
- › Simple solutions that make sense for the most of us
- › Sharing resources and communicating clearly
- › Accessible asynchronous content for varied access and contexts when needed
- › In-person and synchronous discussions to learn together by sharing feedback, ideas, and works in progress
- › Flexibility in realizing that everybody needs support and understanding through this unprecedented time

About Recorded Class Sessions & Consent:

In order to adhere to FERPA requirements and protect everyone's privacy, in-person classes will not be recorded. Online classes may be recorded, but only by the instructor, and with express written and unanimous consent of every student in the class as per [Emerson's Recording Policy & Consent Form](#). Any class recordings will only be made available to enrolled students & the instructor until the end of the term.

Mobile Devices:

- The purpose of this policy is to maintain a respectful and equitable learning environment to all.
- The use of mobile devices in class is strictly prohibited unless otherwise instructed.
- Your phone should be turned off and put away when you enter the classroom or begin class remotely.
- Under no circumstances should you ever make or answer phone calls during class.

Locally, you can try [Hunt's](#) in Cambridge and Kenmore Square, and [Newtonville Camera](#) in Newton. For camera equipment you should also try [Joe & Karen's Cameras](#) (617- 770-3446), they have excellent prices. Emerson provides students with the Adobe Suite and and more hardware/software support, visit (support.emerson.edu). When shopping anywhere, ways remember to ask for a student discount.

Film Processing: Some local places such as [Hunt's](#), [Lumentation](#), [Colortek](#), and [Panopticon](#) do (C-41) color film processing so shop around. Just be sure to plan ahead and give yourself enough time to both ship, process, and receive your film in time for class deadlines, *since ultimately you are responsible for developing your film on time.*

Grading and Standards:

Grades will be earned in points throughout the semester by completing assignments, critiques and other deliverables. The total points possible and all grading criteria are specified in each Phase Description sheet, which are in service of a single semester-long project. Each Phase Critique is weighed with the highest values. The emphasis will be on the progress & quality of work produced, and how well the material in class is incorporated into your semester-long project. This is a practicum, upper-level capstone course, and above average work is expected from everyone. Before each turning in each assignment and critique, ask yourself the following questions:

1. Have you accomplished your stated intention?
2. Does your work communicate your ideas clearly to other viewers?
3. Are your materials and techniques the most effective for your concept?
4. Is your presentation/craft the best it can be?
5. Is your work consistently presented on time?

The total points earned throughout the term are factored against total possible points into a percentage which determines the Final Course Grade according to this **Course Grade Scale**:

A	93% - 100%	C+	77% - 79%
A-	90% - 92%	C	73% - 76%
B+	87% - 89% *	C-	70% - 72%
B	83% - 86%	D	60% - 69%
B-	80% - 82%	F	59% and under *

Apart from assignment grading: absences, tardies, leaving class early, and being unprepared can also negatively affect your Course Grade as stated in the following Attendance Policy section.*

Attendance Policy:

During this pandemic, everyone's health and wellness takes priority over any attendance policy, therefore health guidelines will override the following requirements and I will work with you to the best of my ability toward the most humane and healthy options available, while doing my best to maintain equity for everyone in the course. If you feel sick for any reason, do not come to class, let me know right away, stay in touch, and follow any [Covid-19 protocols](#) including self-reporting and quarantine if necessary. Communication is key.

- Outside of required Covid-19 policies, good attendance is absolutely critical to this course as specified below:
- Late work is unacceptable and may only be accepted/graded at my discretion, and usually for 50% credit.
- If absent, it is your responsibility to make arrangements to deliver your work on the due date.
- If absent, it is your responsibility to find out what you've missed and turn in any pending work.
- If absent, it is your responsibility to find out if the Course Calendar/Schedule has been updated.

TARDIES, etc.	COUNT AS:
1 Tardy	½ of an Absence
1 Early Class Departure	½ of an Absence
Coming to Class Unprepared	½ of an Absence

ABSENCES	COUNT AS:
1 Absence	Course Grade not affected
